ARCHEOLOGY AND EARLY HUMAN

GRADES:

KINDER, 1ST, 2ND, 3RD

OBJECTIVES:

Archeology

- What is archeology?
- Archeologists - Career Spotlight
- Learn About the Mayan's
- Lost Temples: Mayan Pyramids of Chichen Itza
- Uncover Life in Pompeii
- The Lost City of Pompeii
- Explore Ancient Egypt

Early Human 23&me videos

- Where do our ancestors come from?
- Are there different types of humans?
- Homo Erectus
- Neanderthals
- Evolution
- Migration

ABOUT US:

We at Kid2Kid Tutorials understand that tutors can be expensive that is why we offer educational videos for free. Our goal is to help you understand math concepts, provide homework help, and free tutoring (on YouTube).

WHERE TO FIND US:

YouTube· www.youtube.com/kid2kiddtutorialshd · Website· www.kid2kiddtutorials.com ·
Twitter · www.twitter.com/Kid2Kidtutorial · Instagram ·
www.instagram.com/Kid2Kidtutorials · TPT·
[www.teacherspayteachers.com/Store/Kid2Kid- Tutorials](http://www.teacherspayteachers.com/Store/Kid2Kid-Tutorials)

This plan works best on a computer or tablet. I link many videos, crafts, and other resources. Writing out the links would take up too much room and it would be distracting. Please click on the underlined words or the buttons to be directed to the resources.

ARCHEOLOGY

VIDEOS

[National Geographic Kids](#) – watch videos. The videos are only a few minutes long. You can watch multiple or one at a time. Videos should be followed by an activity.

1. All About Archaeology
2. Archeologists - Career Spotlight
3. Learn About the Mayan's
4. Lost Temples: Mayan Pyramids of Chichen Itza
5. Uncover Life in Pompeii
6. The Lost City of Pompeii
7. Explore Ancient Egypt
8. TropicMind.com-Ancient Egypt (this site has online access; **they have chat rooms**. If your child signs up, please be sure to monitor their use.)
9. China's Terracotta Warriors
10. On Board: Travels with the First Lady in China
11. All About Archaeology Finale

ACTIVITIES:

Below are some ideas for activities. You can find more online. I have linked the kits and Minecraft video. We have also created and linked videos on how to make clay fossils.

Create a dig or purchase a fossil online

1. We chose to dig up a [dinosaur](#) because we already had the kit. You can pick your own on Amazon, bury some "fossils" (aka chicken bones or shells) in sand and have your children dig for them; or [Pyramid Digs](#).
2. Go to the museum and see fossils.
3. Make clay or salt dough fossils – **Watch video on how to make fossil [HERE](#)**
4. Make [Terracotta Warriors](#) out of clay
5. You can build a dig site on [Minecraft](#) ← see video
6. 3D prints of a pyramid or terracotta warriors. We did a 3D print of a dinosaur jaw to hold our toothbrushes and soap

EARLY HUMAN

VIDEOS

All videos can be found here -> [23andMe/Khan Academy](#)

1. Human Prehistory
 - a. Prologue - covers evolution, Homo Erectus, Neanderthal
 - b. Out of (eastern) Africa - migration out of Africa
 - c. Weathering the Storm - ice age
 - d. Agriculture Rocks our World - origins of agriculture
 - e. Epilogue

ACTIVITIES

- Create the migration of your ancestors. Move your ancestors around the world to areas they have lived. Learn more about those areas. You can view an **interactive map** [HERE](#).
 - Minecraft – see if you can create countries and have your “family” follow the footsteps of your ancestors.
 - On a map of the world, flat map works best. You can draw people or use figures to represent your ancestors. Move your ancestors across the world and see where they ended up.
- Create a family tree and map your family’s ancestry. We mapped out our ancestry, you can see the video [HERE](#).

Below is a breakdown of mine and my husband’s ancestry. This report is from 23andMe. This report goes back 500 years.

- **Games:** You can find many games on [BBC](#).
- Make a [cave drawing](#) - see our **video** on how to make a cave drawing [HERE](#).

Here are my kids cave drawings.

Quiz

Kahoot --> Quiz questions from the game Kahoot. Click [HERE](#) to play the game.

1. Homo erectus had
 - a. Small brains
 - b. Big brains - correct
 - c. No brains
 - d. Half a brain
2. Homo erectus lived
 - a. Across Asia - correct
 - b. North America
 - c. In the Pacific Ocean
 - d. On cloud nine
3. Neanderthals lived
 - a. Across Asia
 - b. Across Europe - correct
 - c. Across South America
 - d. Antarctica
4. How old are the bones that were found in Africa? (most like us)
 - a. 5 years ago
 - b. 200,000 years ago - correct
 - c. 2,000,000 years ago
 - d. They never found bones in Africa
5. People started making sophisticated tools around
 - a. 60,000 years ago
 - b. 50,000 years ago
 - c. 1,000,000 years ago
 - d. 200,000 years ago
